Dave Lennox Signature® Collection XP15 Heat Pump

Innovation never felt so good.™

Patented SilentComfort™ technology provides smooth, quiet cooling and heating

Efficient design can result in significant energy savings

Ozone-responsible R410A meets the EPA's (Environmental Protection Agency) most stringent environmental guidelines

Lennox® System Operations Monitor reviews system performance for additional peace of mind and faster, easier servicing

Compatible with the exclusive Humiditrol® whole-home dehumidification system

ENERGY STAR® qualified

THE QUIETEST HEAT PUMP YOU CAN BUY*

The XP15 not only provides peace and quiet—it also offers peace of mind. The exclusive Lennox® System Operations Monitor continually monitors system performance, helping technicians solve problems faster and more accurately. And, like all Lennox products, the XP15 is built to deliver exceptional reliability with a promise of quality you can count on—season after season, year after year.

SOUND INTENSITY

Note: Manufacturers' public ratings. Typical 80 dB air conditioner/heat pump vs. XP15-024 or 030.

EFFICIENCY RATING

Up to **16.70 SEER** (Seasonal Energy Efficiency Ratio) and **9.00 HSPF** (Heating Season Performance Factor).

WARRANTY**

10-year limited warranty on the compressor and all remaining covered components.

**Applies to residential applications only. See actual warranty certificate for details.

Efficient Compared to an older heat pump, the XP15 heat pump can save you hundreds of dollars each year.

The XP15 heat pump provides cooling efficiencies of up to 16.70 SEER and heating efficiencies of up to 9.00 HSPF. The higher the efficiency rating, the higher your energy savings. In the case of the XP15 heat pump, those savings can translate to hundreds of dollars each year.

5-YEAR COOLING SAVINGS

This chart compares the 5-year savings you can expect from a 16 SEER heat pump vs. units with lower efficiency ratings. The regions used to calculate household fuel and utility costs reflect a cross-section of cities in the U.S. using 2006 Department of Energy national average energy rates. In addition to geography, cooling costs are based on 3-ton capacity specifications, with 1,600 cooling hours per year. Your actual costs will vary depending on the weather, local fuel rates, systems settings and your personal lifestyle.

*Air conditioners/heat pumps have sound ratings established per ARI's test standard: ARI 270. Size for size, as a product family, these heat pumps have the lowest published sound ratings of any major U.S. brand of air conditioning/heat pump equipment.

OUTSTANDING FEATURES FOR EXCEPTIONAL COMFORT AND EFFICIENCY

SilentComfort™ Fan Grill –
Uses patent-pending, vortex-suppression technology to reduce sound of airflow exiting unit.

Factory-Installed Lennox® System Operations Monitor – Continually reviews system performance to allow fast troubleshooting.

Precision-Balanced, Direct-Drive Fan –
Delivers ultra-quiet operation with a patent-pending fan design.

High-Efficiency Outdoor Coil –
Provides exceptional heat transfer and low air resistance for high-efficiency operation.

Dependable Scroll Compressor with SilentComfort™ Technology –
Provides smooth, efficient and reliable operation.

Durable Steel Cabinet –
Made to last with superior high-quality, pre-painted steel and textured finish. Tested to withstand the harshest environments.

XP15
Up to 16.70 SEER and 9.00 HSPF
The quietest heat pump you can buy.*

Quality you can trust.
Constructed of heavy-gauge, pre-painted steel and tested in the most extreme environments to ensure maximum durability.

Lennox is proud of the fact that these products have earned the Good Housekeeping Seal.

- 1 Air conditioner or heat pump
- 2 Thermostat
- 3 Furnace or air handler
- 4 Filtration device
- 5 Germicidal light
- 6 Indoor coil
- 7 Humidifier
- 8 HEPA bypass filtration system
- 9 Energy recovery ventilator
- 10 Supply duct
- 11 Return duct
- 12 Dehumidifier system
- 13 Residential generator

CUSTOMIZE YOUR COMFORT

Lennox® heating, cooling and indoor air quality products are designed to provide efficient, economical comfort—not only as individual units, but also together as an integrated system. This combined network of products delivers on every comfort count, from consistent temperatures and balanced humidity to improved indoor air quality. Lennox also offers a line of residential generators, which provide safe, reliable standby power in the event of outages.

DEALERS YOU CAN COUNT ON

Choosing the right dealer for your home’s heating, cooling and air quality needs is every bit as important as choosing the right brand. We think you’ll agree our independent dealers are a big reason you can count on quality customer service whenever you call. Your Lennox dealer’s dedication to quality shows in his knowledge, training and expertise in designing the right system for your home, installing it properly and keeping it running perfectly for many years to come.
