

LENNOX

INNOVATION NEVER FELT SO GOOD.™

## LENNOX' ELITE® SERIES

Home Comfort Systems

### 13CHPX

Reliable, efficient,  
packaged units for  
virtually any application

Innovation never felt so good.™

## Elite® Series 13CHPX Packaged Heat Pump Units

Dependable Copeland Scroll™ Compressor provides greater cooling efficiency

Efficient operation can result in significant energy savings\*

Unique, Indoor Air Quality (IAQ)-ready design provides the option of a filter rack for a 1", 2" or 4" media filter for fresher, cleaner indoor air

Optimized for ozone-responsible R410A refrigerant, which meets the EPA's (Environmental Protection Agency) most stringent guidelines

Sleek, newly designed cabinet allows easy installation in almost any residential setting

ENERGY STAR®-qualified

Elite® Series packaged units provide reliable comfort with a new design that condenses and controls airflow. Also contributing to the sound operation is an exclusive, internally mounted fan that rotates smoothly, with minimal vibration.

### RELIABLE, EFFICIENT COMFORT—SEASON AFTER SEASON, YEAR AFTER YEAR

Elite Series packaged units not only keep you comfortable, they also save you money. The innovative Copeland Scroll™ Compressor (the unit's cooling engine) is more efficient than conventional reciprocating compressors, which translates to year-round savings on your utility bill. And the R410A refrigerant meets the EPA's (Environmental Protection Agency) most stringent environmental guidelines.

## Comfortable

Provides a high level of comfort and reliability

Elite Series packaged units offer legendary Lennox quality, along with outstanding performance and reliability. From the quiet-operating compressor fan to the durable, newly designed cabinet, these units are built to deliver exceptional comfort—season after season, year after year.

**Efficient** Lowers your cost of living by reducing your utility bills\*

With efficiency ratings of 13.00 SEER and 7.7 HSPF, Elite Series packaged units are designed to keep you comfortable all year long, while keeping energy costs down.

### EFFICIENCY RATING

Meets **13.00 SEER** (Seasonal Energy Efficiency Ratio) and **7.7 HSPF** (Heating Season Performance Factor) minimums.

### WARRANTY\*\*

10-year limited warranty on the compressor.

5-year limited warranty on remaining covered components.

\*Your actual savings will vary depending on the weather, local fuel rates, indoor coil and your lifestyle.

\*\*Applies to residential applications only. See actual warranty certificate for details.

## RELIABLE FEATURES FOR YEAR-ROUND COMFORT AND ENERGY SAVINGS

**IAQ-Ready Design** – Can be easily equipped with an internally mounted filter rack for a 1", 2" or 4" media filter for improved indoor air quality.
